

Where Would I Be Without You – Kendra Dantes

Verse:

It's alright, I know we're fine

You will always stay

Always listen, hear me out,

Make me feel safe

Singing me your lullaby

Singing me to sleep

When you ask, I'll be there

Always taking a leap

Chorus:

Where would I be without you

Holding me so tight

Where would I be without you

Telling me it's alright

Where would I be?

Lost, drowning in the sea

No one to answer,

No one to hear my plea

Verse:

"No more tears, no more fears"

You always tell me

Be brave, and don't let anything

Get in your way

Chorus:

Where would I be without you

Holding me so tight

Where would I be without you

Telling me it's alright

Where would I be?

Lost, drowning in the sea

No one to answer,

No one to hear my plea

Bridge:

I hope

Things will never change

We will always stick together,

Never break

Chorus:

Where would I be without you

Holding me so tight

Where would I be without you

Telling me it's alright

Where would I be?

Lost, drowning in the sea

No one to answer,
No one to hear my plea

Where would I be without you
Holding me so tight
Where would I be without you
Telling me it's alright

Where would I be?
Lost, drowning in the sea
No one to answer,
No one to hear my plea
